Urban Design

Urban Design Thesis

Project: Redevelopment of Railway Station precinct, India

Concept: 'Area development through Spatial Restructuring'

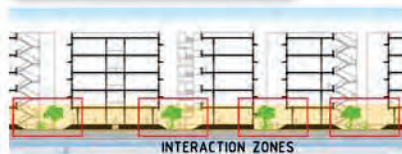

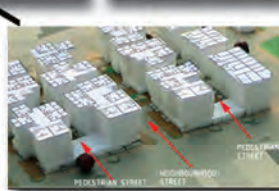

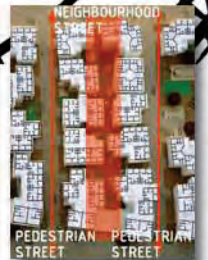

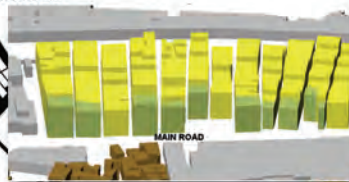

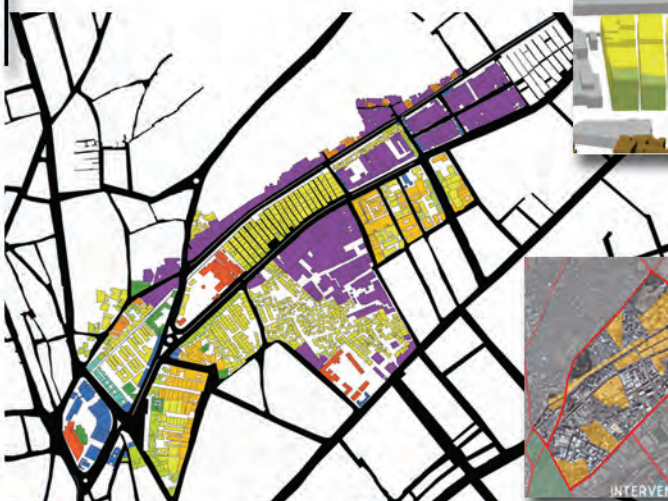

– traffic & transport rerouting, pedestrian friendliness, public spaces & plazas, alterations to present railway station bldg

Urban Transformation (International Student Exchange Program – Asia Link)

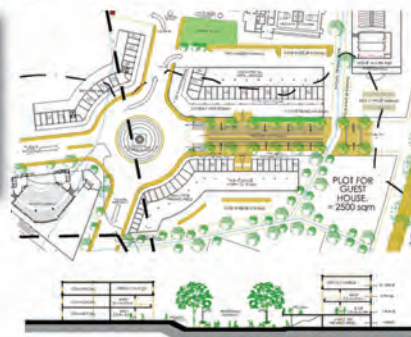

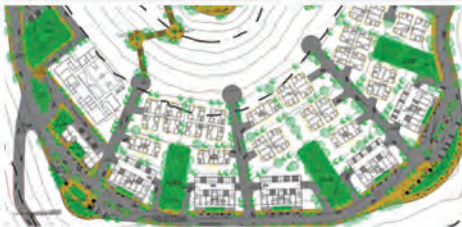

Project: Revitalising Sustainable neighbourhood spaces in old city of Karachi, Pakistan

Concept: environmental concerns due to mixed land-use development of industries and residences, creation of open green spaces for communities

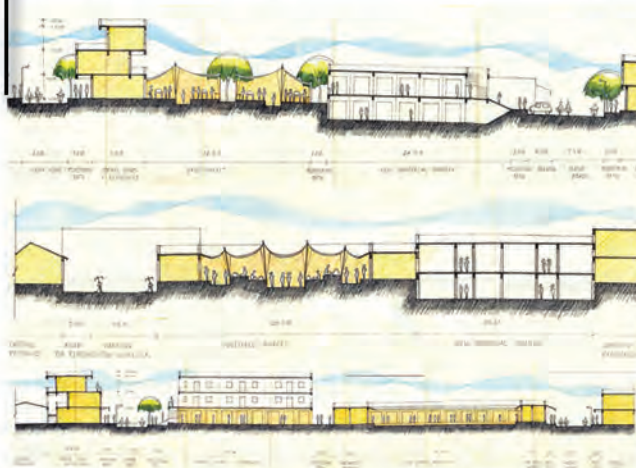

Urban Extension
Project: 'Urban Agriculture' as a Sustainable solution to futuristic sub-urbanization of Indian Cities
 Concept: Sub-urban development with Green field and Housing

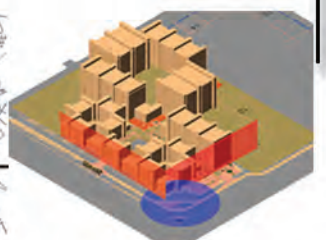

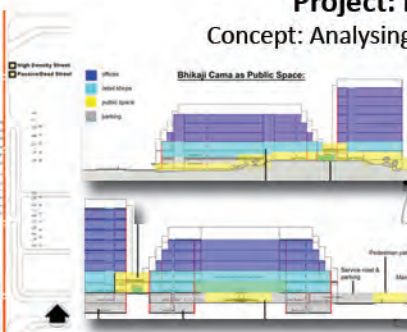

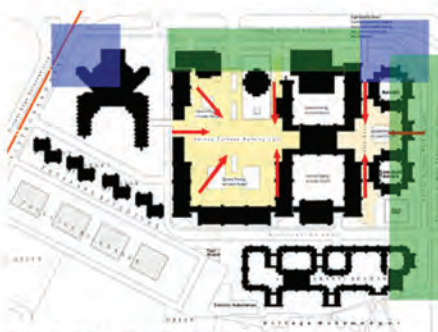

Urban Intervention

Project: Intervening existing urban fabric for Revitalisation
 Concept: Reconstructing market areas for economic growth and development

Urban Design Case Study

Project: Business District Centre, New Delhi, India
 Concept: Analysing the role of district centres in Urban Development

Movement and Connectivity: Vehicular and Pedestrian

Architecture

Architectural Thesis

Project: School of Microfinance for Women, India

Concept: Design based on functions of research, training & women workshops.
Exploring forms with Cubism & Square grids,
Use of brick & concrete materials

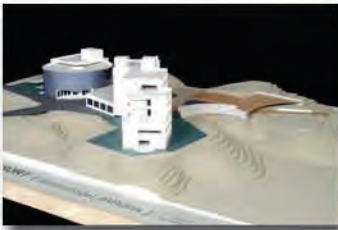

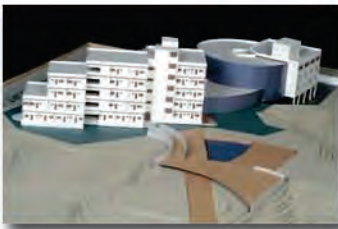

Project: Multiplex Mall Project, India

Concept: Visual Integration of inside and outside spaces,
Form exploration based on de-constructivism,
visual axis and connections.

Project: River side Resort, India

Concept: Design based on capturing maximum view of river front from inside.
The Form responds to the linear water front site.

Project: Housing Project, India

Concept: Socially integrated housing through mixed development of higher, middle & lower income units in a single module

Project: Health Museum, India

Concept: The rising crescent form with sky lights lit museum interiors.
The experiential quality of form explored for display of artifacts.

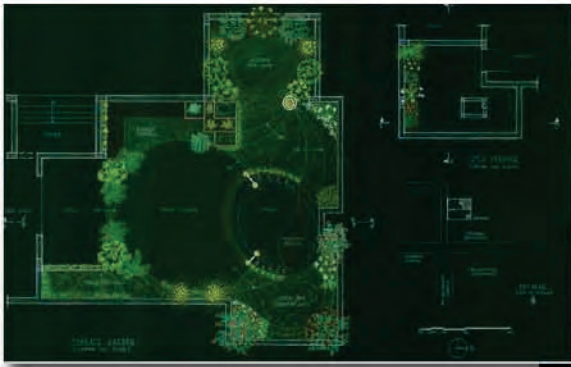

Project: A Residence Project, India

Concept: Designing an architect's own dream house,
Form based on integration of interior, water pool and surrounding landscape.

Landscape Design

Freelance Project: Terrace Garden to a Pent House, India

Concept: The design incorporated outdoor entertainment needs of all family members; husband, wife and kids. Design included ground bushes, trees, pool, sitting areas and play areas.

Art Works

Paintings of Picassa, Paul Klee in various colour scheme, Powder painting and sketches
